On October 11, 2012 Arzinger gathered its friends, clients and partners to celebrate the tenth anniversary of the company foundation at the Center for Contemporary Art M17. The event was carried out under the theme «Law as Art,» as it is Arzinger's philosophy that in addition to the expertise qualities of a good lawyer include supple mind, thinking outside the box and ability to find creative solutions.

During all these years of its work on the Ukrainian legal market, Arzinger has built strong and reliable business relations with many Ukrainian and international companies and has proved that its expertise and quality of its services makes Arzinger Law Office one of the leading legal experts in Ukraine. That is why many members of the Ukrainian business community attended the event "Law as Art" to congratulate Arzinger and to celebrate company's birthday.

Timur Bondaryev and Sergiy Shklyar, the founding partners of the company, welcomed guests of the anniversary and spoke about company's development, its achievements in the last ten years, and expressed the hope that this tradition of finding "creative" solutions will be continued. 5 years ago Arzinger was one of the first law firms to open its office in Lviv. Impressed by the success of the West Ukrainian Branch, that became the leader on the local legal market, company has opened its office in Odessa. Over the past years, the company has initiated establishment of a number of associations: the European-Ukrainian Energy Agency, the Association for Resistance to Unfair Competition, the Austrian Union of Lawyers, as well as the German Union of Lawyers and the German Economic Club.

It was a huge surprise for the heroes of the occasion to receive an award of the Cabinet of Ministers of Ukraine for their contribution to the development of the Ukrainian transport market. Decorations have been awarded to Timur Bondaryev, Managing Partner, Pavlo Khodakovsky, Partner, and Markian Malskyy, Partner, Head of the West Ukrainian Branch.

The event also exhibited work of famous painters – Galyna Moskvitina and Temo Svireli. Our company works with these artists within the ARTzinger project which was started a few years ago. Since then the gallery has exhibited outstanding and remarkable work of famous painters and photographers of different styles and genres. Galyna Moskvitina's work representing objective art and laternative realism is currently being exhibited in Arzinger's office. Temo Svireli, whose paintings together with Galina's work were showed at the event, works in the style of «naive surrealism».
